# SPACE WEEK

## Let's make a sundial!

The Adler Planetarium has lots of great ways to do science at home with their Let's Do Science videos. Today, we're going to be building a sundial with the instructions in their video!

Learn to build a sundial! <https://youtu.be/oSMsX7cwzjk>

## You'll need these materials:

Paper plate

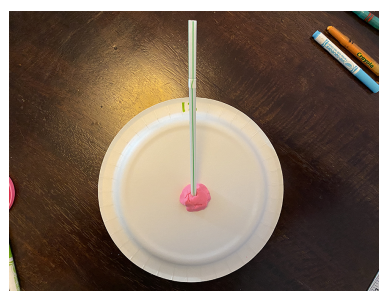

A ruler

Play-Doh or clay

a straw

Marker or crayons

Here are photos of a sundial we made. Decorate yours and send us a photo!
